

HOMEBIRTH GROUP

Are you planning a homebirth?

The homebirth team runs sessions once a month to provide information and an opportunity to see a birth pool demonstration. We invite some of our families who have experienced a homebirth to share their stories and help to answer your questions.

If you think you and/or your birth partner would like to attend, please choose the session you would prefer and call 0114-226-8301 to book your place.

Whilst children are very welcome, please note that there are NO crèche facilities and some younger children find this session tedious so you may wish to bring some quiet activities for them.

Refreshments are provided.
